Dear Judge Smith,

A couple of weeks ago I had hand-delivered a letter to you, I am just following up to make sure that you received the letter. I am also attaching a copy of it here for you to view. Just a few things that I did not get to mention in my letter is that my father was never investigated, during his arrest he was heavily medicated with Xanax in the emergency room having major panic attacks and he does not remember anything from that day or night, and to top it off he sat in jail for 90 days without ever receiving counsel. His public defender is completely on the so-called victims side and is doing nothing to help defend my father.

Thank you for your time,

Tammy Pogar

Case# 2017CF003619AX

Dear Judge Smith,

June 19, 2019

My name is Tammy Annette Pogar and I am a local real estate agent here in Manatee County. Also, I am the eldest biological daughter of Mr. Albert R Ferrell and Ms. Violet M Ferrell. I am writing you today following a conversation that I had with my Mother and Father last week since my Mother (Violet Ferrell) moved away and left the State due to the unjust system of the Bradenton Police department (who arrested my Father without an investigation) as well as non-representation from my Father's Public Defender (Alison Clough). My Father & Mother told me that they were told by Alison Clough that [REDACTED]'s acting was so believable during deposition that she had to give her breaks throughout the session and that if she acted that way during trial the jury was going to find him guilty and he is looking at life and his evidence will not be allowed in the court (even though she acknowledges there was never an investigation from the Detectives of the Bradenton Police department or by herself). My Mother had stated that during this last visit with Alison , that she had made comment about the false allegations [REDACTED] has made and Alison was rude and cut her and my Father off during conversation and got loud and talked over them yelling something about tampering with evidence and would not let my Mother or Father get a word in edgewise to explain.

I have went in for deposition and gave the truth to all of my knowledge and informed that [REDACTED] is a great actress, she studies the internet on the psychology of different people and ways to behave and her favorite movies to watch over and over were the Movie "ORPHAN & THE HAND THAT ROCKS THE CRADLE" and Alison saw the fear and pain in my eyes and said she was going to listen and help my Father, but now I see that she believes [REDACTED]'s acting as well and is on [REDACTED]'s side and therefore it is a conflict of interest in the case.

This is a VERY serious case involving our whole immediate family (we have been harassed, threatened for our lives and bullied over the internet (mostly by [REDACTED] and her friends) and even mistreated by the law enforcement of the Bradenton Police department) and not one person has taken the time to fully investigate or listen to the truth.
